

## EXCHANGE STUDENTS @SCHOOL OF PSYCHOLOGY: HOW TO CHOOSE COURSES

- 1) Browse our current course catalogue  
<https://it.didattica.unipd.it/off/2019/LT/PS> (Italian version)  
<https://en.didattica.unipd.it/off/2019/LT/PS> (English version)  
<https://en.didattica.unipd.it/catalogues/2019/PS> (quick link to course units held in English)
- 2) Exchange students are free to choose course units from every 1<sup>st</sup> and 2<sup>nd</sup> cycle degree course (=Bachelor and Master) of the School of Psychology.
  - If you're a Bachelor student and you're interested in some of our Master course units just read the syllabus in order to check if you've got the right prerequisites in order to take them
  - If you're a Master student and you're interested in some of our Bachelor course units, just take into account that some topics may be too easy for your background
  - we do not offer doctoral courses for credits: PhD students are allowed to take courses from 2<sup>nd</sup> cycle degrees and are asked to agree a thesis/project research with one of the professors teaching in our doctoral school. For more info, please contact the Erasmus Local Office: [erasmus.psicologia@unipd.it](mailto:erasmus.psicologia@unipd.it)
- 3) There are two degree courses whose course units are entirely held in English: *Psychological Science* (=BPS) and *Cognitive Neuroscience and Clinical Neuropsychology* (=CN2). Just pay attention to course units belonging to these degree courses: exchange students need to ask for the authorization to attend the module(s) of interest directly to the professor(s) by writing him/her/them an e-mail. Usually exchange students are allowed to take these modules but as BPS and CN2 are very selective degree courses, professors should know in advance how many extra students they have to deal with.

- 4) You're allowed to choose course units from our on-line Bachelor *Scienze e tecniche Psicologiche*. We'll explain you how to sign up to these course units during the Welcome Meeting of the School
- 5) Timetables won't clash If you choose courses from the same year of the same degree course
- 6) Erasmus Incoming students are not allowed to choose 2, 3 and 5 CFU (=ECTS credits) course units held at the School of Psychology (*Abilità informatiche, Lingua inglese per la psicologia, Computer skills, Academic English*, all seminars/labs belonging to 2nd cycle degree courses)
- 7) If you choose a 12 CFU corso integrato (=integrated course) it is compulsory to take both units. You can't "split" the course and take only one module: the final mark is given only by attending both modules and sitting both exams.

Scuola di Psicologia

PSYCHOLOGICAL SCIENCE - SCIENZE PSICOLOGICHE

Insegnamento  
BASIC CONCEPTS OF PSYCHOLOGY (C.I.)  
PSP5070125, A.A. 2017/18
